

PC Control PC

- **COMPACT AND UNCOMPROMISED**

it provides native support for dual display and includes professional performance in the smallest possible format. It occupies a 60% smaller surface while ensuring the reliability you expect.

- **SIMPLIFIED MAINTENANCE**

Tool-free maintenance and in-band management provide access to the system for easy upgrade and replacement of components.

- **INNOVATIVE DESIGN**

With multiple custom mounting solutions, including the new OptiPlex Micro all-in-one cable-sheathed base, you get a neat desktop to maximize your productivity potential in a pleasant workspace.
